

Start Dive

Start your adventure
covered

A photograph of three people, two men and one woman, wearing scuba diving wetsuits and gear. They are standing on the deck of a boat, looking out towards the water. The woman in the foreground is smiling broadly at the camera. The background shows a bright, sunny day with a clear sky and some distant land or structures.

Ensuring students start their underwater journey protected – **free of charge.**

StartDive is a complimentary insurance plan designed specifically for entry-level scuba and freediving students. This plan, offered in cooperation with leading training agencies, provides essential coverage during initial courses, ensuring that you and your diving students can focus on the diving course – with peace of mind.

StartDive is offered automatically during SSI and SDI beginner courses. Dive centers who are not affiliated with SSI or SDI are eligible too, and can register their students manually.

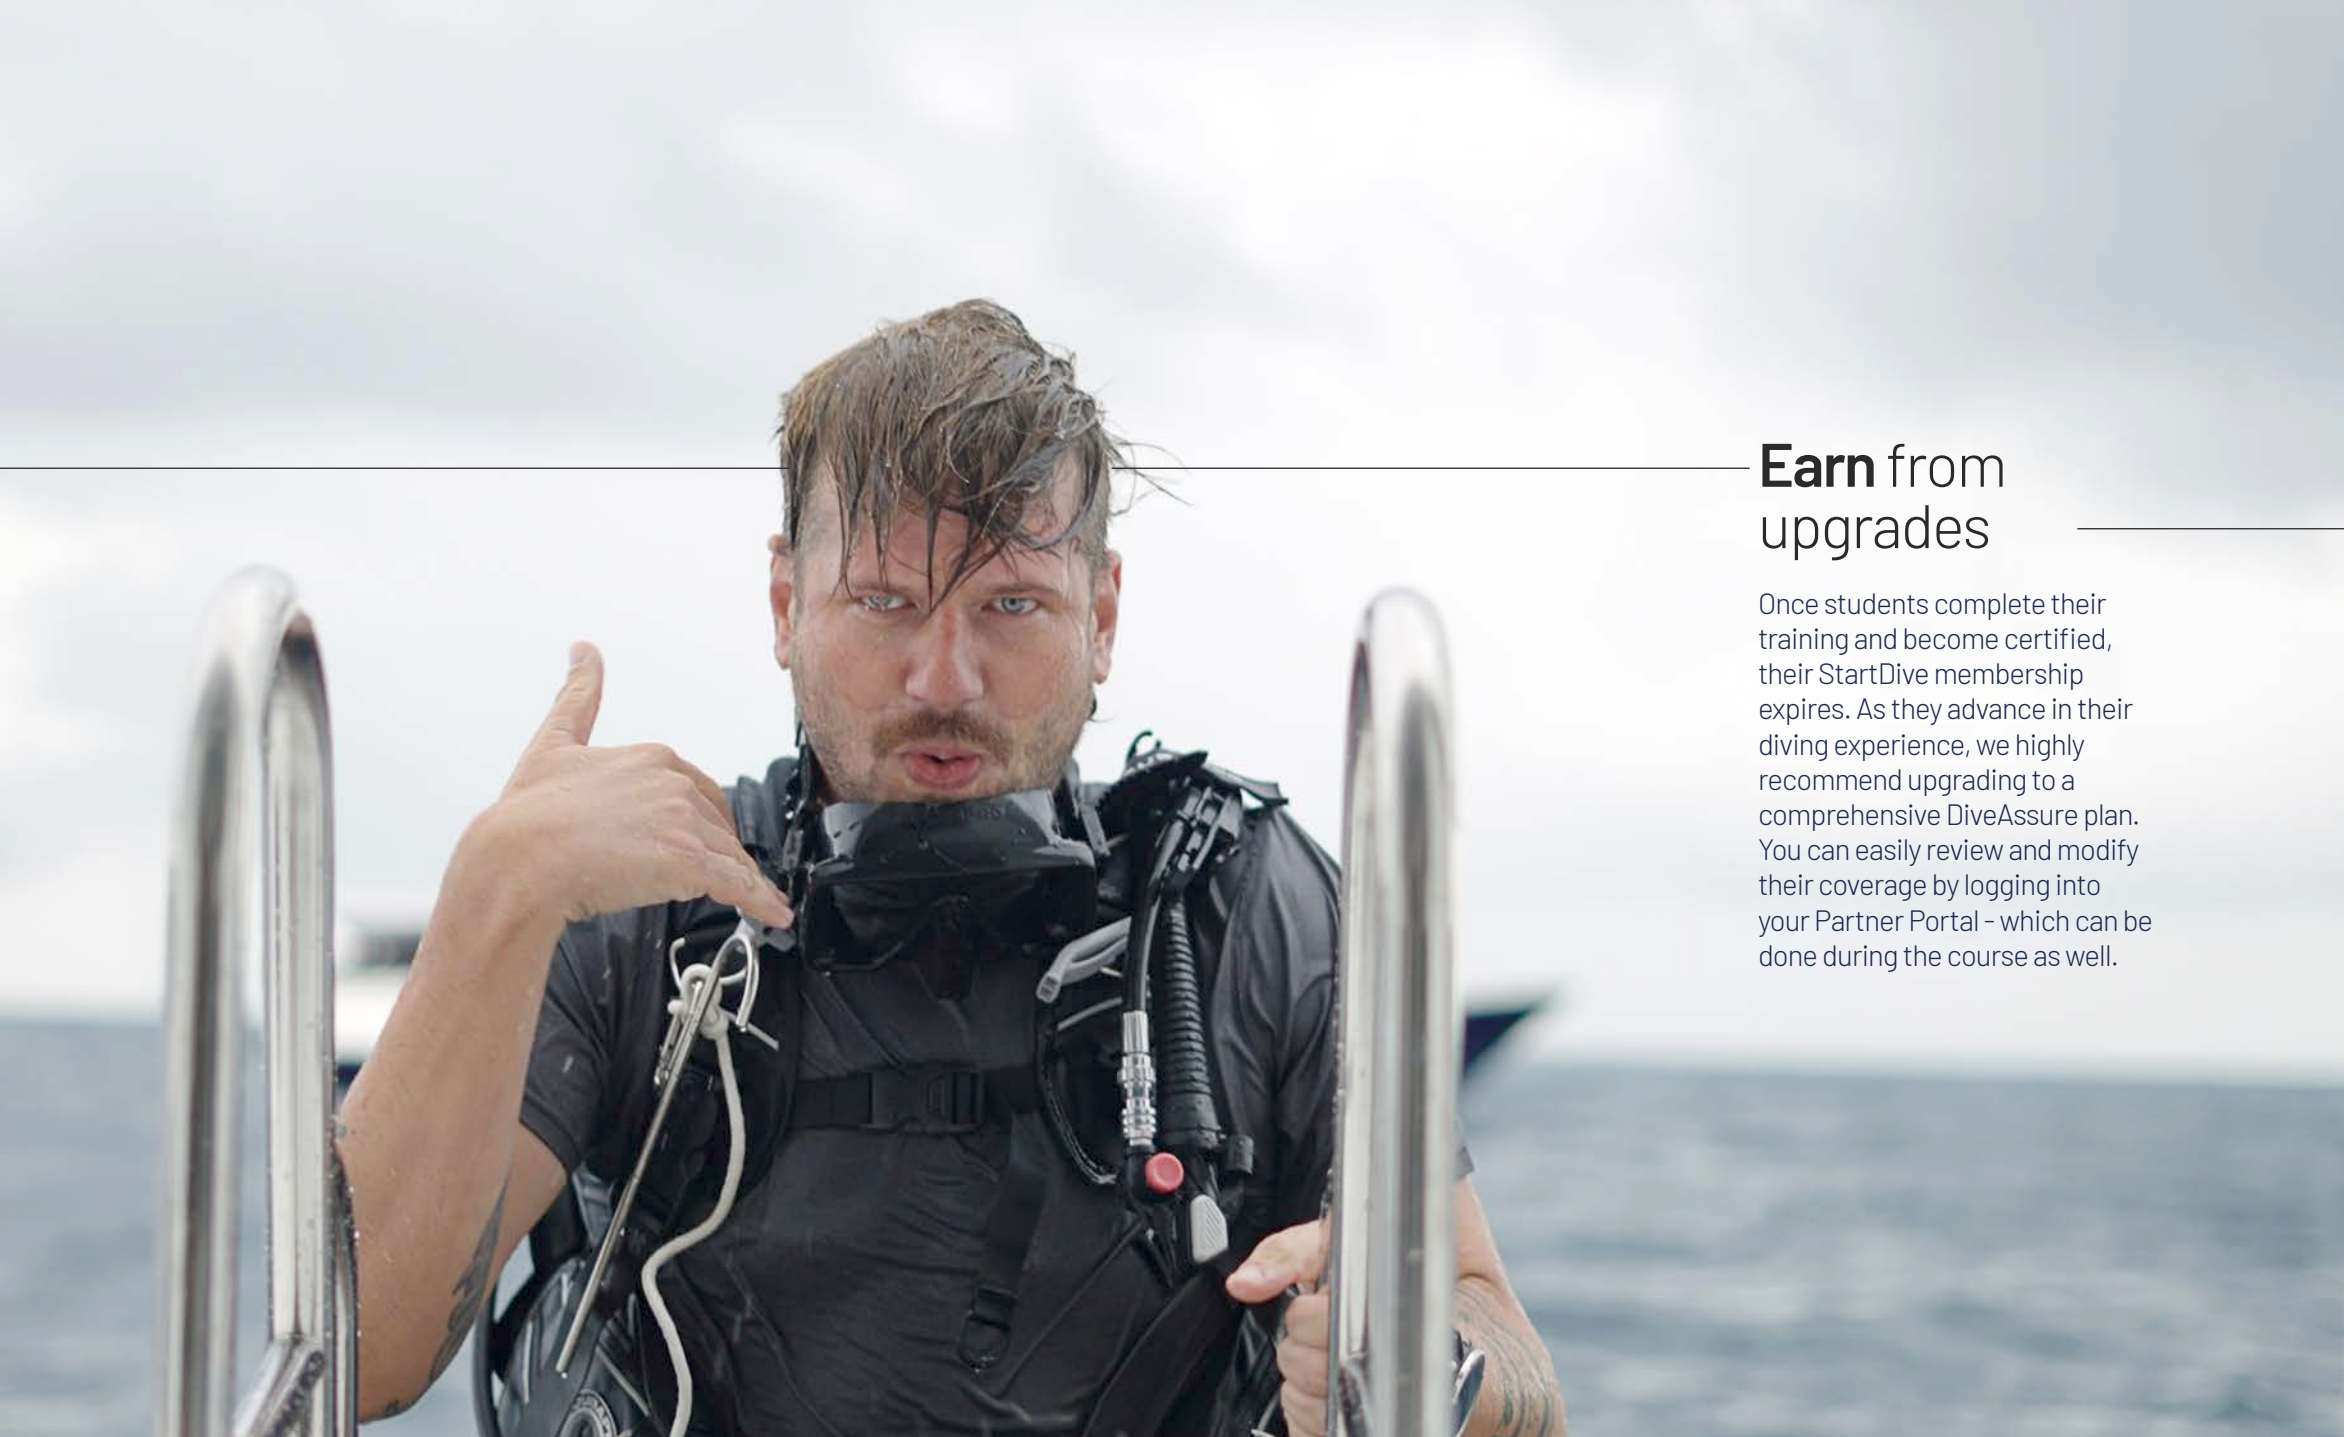

Startdive main benefits *

- Emergency medical transportation (includes repatriation of remains) \$50,000
- Home country medical evacuation & repatriation \$50,000
- Covered medical expenses & hyperbaric chamber treatment: up to \$50,000 per occurrence
- Recreational freediving (apnea), snorkeling and/or scuba diving covered

** Subject to the full policy language, including its terms and conditions.*

For detailed description of coverage, scan the QR or visit our website.

Earn from upgrades

Once students complete their training and become certified, their StartDive membership expires. As they advance in their diving experience, we highly recommend upgrading to a comprehensive DiveAssure plan. You can easily review and modify their coverage by logging into your Partner Portal - which can be done during the course as well.

Let's collaborate!

At DiveAssure, we believe in the power of collaboration. Offer your clients our top-tier insurance for diving accidents and dive-travel – and earn referral fees while you provide great service. Whether you're an individual dive leader or a dive operation, we have a tailored partnership program to suit your needs.

The DiveAssure Partnership program for operators is ideal for diving centers, dive resorts, liveaboards, tour operators and dive clubs. Your unique link and DiveAssure portal streamline the process of managing client referrals, registrations and upgrades, making it easy to integrate this added value into your services.

The DLP – Dive Leader Partner program is ideal for dive masters and instructors. We recognize that dive professionals play a crucial role in guiding and mentoring divers, they are those who form the connection. Our DLP program is designed for professionals who want to extend their services by offering clients comprehensive insurance coverage. With a unique QR code, link, and a dedicated DiveAssure portal, professionals can easily refer clients, upgrade students, and track their referral fees.
